Hello I am Erkin Abdullaev. MERN stack developer. I am 29 year-old and from Uzbekistan. I have been living in South Korea for more than 4 years and have a 1 year experience in web development. I have passion for coding and programming. I am currently looking for a job as a Full-Stack developer developer in South Korea. I mainly use NodeJS (ExpressJS) to build web-servers and ReactJS for frontend apps. Currently I am mastering my skill at Typescript and NextJS.
